Delta Kappa Epsilon Resents Attacks That Have Been Made on

Fraternities.

The Delta Tau Delta Alumni Chapter whose club house is at No. 68 West Thirtysixth street, has formed an employmen agency for graduates from colleges all ver the country, who are members of the fraternity. The committee in charge of the agency is performing wonders in New York. The scheme was put into operation last spring, and the committee keeps a record of the work done by it.

When a member of the Delta Tau Delta intends to come to New York to work the chapter at the institution from which he has received his degree sends word to the Employment Committee at the alumni chapter in New York. The brothers also forward the man's record in college, references and an estimate of his adaptability to certain kinds of work. In return he is guaranteed a job when he arrives in New York. So successful has this scheme proved and so powerful are the connec tions of the fraternity that the committee has never yet failed to make good its

More than thirty-five men have found employment in this way since last September, but the committee does not lose fuss. "Show Me" enthusiasts have been She laid more eggs than any hen upon the send reports of the work each month, so tab can be kept upon the men. Already applications are pouring in to the Employment Committee from men who will be graduated from college next June. The work has been commended by Champ Clark and other prominent members of the fraiernity.

last quarteriv of the fraternity that the attacks are ridiculous and hurt both colleges and fraternities, because they are read by persons not familiar with college systems, and who therefore are influenced by what they read. He particularly assails R. T. Crane, of Chicago.

"Mr. Crane has opposed colleges and fraternities for years," says Mr. Hawes, "and this is simply a part of his crusade against all colleges and universities. He has said that he knows his facts are true because they were given to him by a young newspaper reporter whom he did not know prior to his investigation, but who was referred to him by some third party.

"Such an article would be unworthy of notice in this or any other publication were it not for the great publicity given to it, and the attention paid it by many of our college leaders and other officials.

Defence from Mr. Taft.

"We can reassure any such by the statement of President Taft, than whom none among our public men has kept closer in touch with college affairs, who said in a recent address:—

"I do not know whether you have observed the attack made upon young men at Harvard by some gentleman who felt it necessary to send a detective into that community to find out how wicked the boys were. I have not any particular sympathy with that kind of investigation wilokedness that has to be unearthed with a spade ordinarily ought to be kept under the God that the spade raises. I know something about these universities, in know it might have been better. I contributed something to the detective knowledge in those days, possibly, but to-day there is a higher standard of morality. Dissipation and druking are frowned upon by the people of the college. That is what shows what a college is, the population of the young men and young women who are in it, and I resent scandal making and muckraking."

Many Graduates of Public School, Known as the "Old Boys," Are Now Prominent Men.

"Old Public School No. 49" will be the principal toast at the Hotel Astor Thursday night, February 1, when members of annual reunion. Every year the "old boys," as they call themselves, get together to talk about the times when marbles and tops and jackimives appeared to be the most important things in the whole world. It is more than fifty years since some of the members left the school, but they sing all the old songs with a igor that makes one doubt the genuineness of their gray hairs,

Just a few of the thousands of scholars who were graduated from the school are:-Mr. Frank Damrosch, General George W. Wingate, Justice Dugro, of the Supreme Court; Mr. Upton Sinclair, Mr. Franklin Blen, Professor Stephen Duggan, Magistrate Paul Krotel, Judge Edward B. La Fetra, of the City Court; Judge Leonard that is what has caused the row here.
